

The Conti Zecca 2013 Negroamaro is a dark and sun drenched wine with ripe fruit flavors of prune, plum and dried cherry. The wine reveals a dark and concentrated personality. It is true to the variety with a core of black fruit that is backed by leather, tobacco and dried spice.

The complexity is moderate, but the wine will appeal to those who appreciate the power and concentration of red wines from Puglia. It will also appeal to those looking for a good value buy.
